## Spoke Sets From Preston Cycle

We are able to offer a full selection of top quality chromed carbon-steel, polished or chromed stainless steel spoke sets. All our spoke sets feature 6/8 gauge construction, and our polished stainless steel sets have spokes and nipples made from different types of stainless material to minimize their seizing to each other. We do suggest the use of anti-seize compound on stainless steel spoke sets.

## Spoke Buying Guide

We show you the variety of stock and custom rims available from Preston Cycle for custom wheel building. Using our illustrations will help you determine which parts you have and then assist you to the spoke set you need. For example; if you have an aluminum 1978-83 FX model front hub, and you want to lace it with chrome steel spokes to the 21" drop centre rim from an FXWG (OEM 43662-80B or PC# 6277) which is shown in illustration "A", then you would need to use a PC# 925 spoke set. The rim illustration shows the basic rim shape, and the position of the spoke holes in relation to each other.

# Hub Caps

## Chrome Hubcaps for 4-Speed FL Models

The perfect accessory for the front wheel of all FXWG from 1980-on, or 1981-84 speed FL models with cast wheels.

**45014** 4-1/2" diameter hub cap, fitting the cast wheels on FL models 1981-84 (OEM 44443-81).

## Chrome Rear Hubcap for Belt Drive Models

A neat way to decorate the rear pulley area of all BT belt drive models while hiding the stock mounting hardware. The hub cap is held in place between the axle spacer and swingarm. This 4-1/2" hub cap looks great with stock pulleys but better yet when installed with PCP chrome inserts and belt guard.

**45015** Fits all BT models with rear belt drive 1980-on.

## Chrome Rear Die Cast Hubcaps 1980-on

Allen type, features counter bored holes with socket head screws. Front attaches by 2 screws on FXWG, rear attaches by 5 Pulley Allen Screws, included. Rear fits cast or solid wheel on 1980-on with belt drive.

**45017**

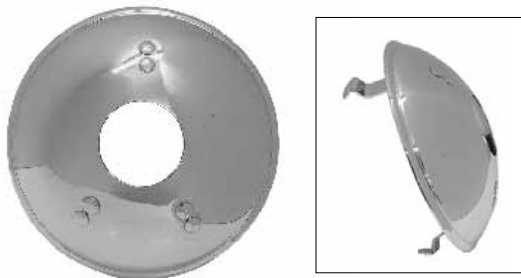

## Full Hub Cap, Front 8"

Use to dress up glide forks with stock hubs 1947-72 FLH.

**6640** 1948-66 Hub cap
