Tires

97935

97938

Dunlop D402 (HD Logo)

They're fitted as Original Equipment to 2000 and later Harley-Davidson® motorcycles, and are approved for use on many models as far back as 1980. Both front and rear sizes feature new computer optimized tread patterns which provide dramatic improvements in wet-road performance. They feature three-ply polyester carcasses that are reinforced with two fiberglass belts. Tube/tubeless construction.

Front

97942 MU85B-16 Single whitewall

97943 MU85B-16 Wide whitewall

Dunlop D402 HD Logo Front 21"

This tire replaces the F-rib and is fitted to 2000 and later FXLR and Softail® models. It features a modified tread pattern, with Dunlop's innovative offset centre groove and an advanced tread compound for improved wet grip, rain-groove stability and more even treadwear. Tube/tubeless tire.

97939 MH90 (2.75) x 21" Blackwall

97900

97905

Dunlop D402 Touring Elite II Wide Whites

The "Gangster" tire is a touring tire manufactured on the D402 casing. Supplied as front or rear tires. This tire is to be stock on the 1993 H.D. Heritage Softails. Meant for tubeless application but can be mounted with tubes on wire spoke wheels.

97900 MT90B-16 Front 1.5" W/W (OEM 43118-92)

97905 MT90B-16 Rear 1.75" W/W (OEM 43119-92)

97966

97972

Dunlop Elite III Tires

The E3 tread pattern provides class-leading wet-pavement performance, even when riding through puddles. This tread pattern is not affected by rain grooves, steel bridge decks or tar strips, resulting in a more consistent feel. The bras-ply Elite III features a sport derived profile modelled after radial tires that provides a livelier response in turn transitions and a solid feel through turns for confident cornering.

Dunlop K627 Qualifiers

The K627 qualifier features an advanced European wet weather tread pattern and a low profile for a big wide footprint. The K627 rear should be used with the F11 front for a top performing street combination. All tires are tube/tubless construction and are available with or without raised white letters.

Rear

6946 130/90H (5.10) x 15" Blackwall tubetype

Dunlop D401 Tire with HD Logo

These new sport-touring tires feature an advanced tread pattern and compound for improved wet and dry road grip. They are fitted to 1991 and later Harley-Davidson® models. The front tread pattern is specifically designed to reduce uneven wear, for extended mileage. The rear tires feature three nylon plies and two fiberglass belts and a H-speed rating. Tube/tubeless construction.

Front

97955 90/90 (3.00) x 19" Blackwall

Tires

Dunlop GT 501 Sport Bias Tires

Successor to the K591 sport tire, GT 501 tires are **V-rated**, feature bias-ply construction and radial-style tread pattern for a larger footprint and contemporary styling. An optimized profile creates a larger contact patch for increased cornering confidence, with smooth side-to-side transitions. Increased tread-to-void ratio delivers superior grip in dry conditions, with no loss of grip in wet weather. Increased centre tread depth provides improved wear characteristics and enhanced water clearance. Improved rear compound increases wear resistance for longer tread life.

Avon Roadrunner Universal

Designed for use on front and rear wheels, Roadrunner Universal is H-rated to meet the performance demands of machines capable of speeds of up to 130 mph. The low-profile design of the Roadrunner gives a bike excellent stability through corners, and during rapid acceleration and braking. Avon's acclaimed high hysteresis tread compound ensures the best grip in all road and weather conditions. Generous grooves improve water drainage, helping to give Roadrunner Universal its reputation for superb wet road adhesion.

97621 4.10H 19 Blackwall

Avon "Gangster" Roadrunners

This tire features a classic 2 3/4" wide whitewall. Manufactured with a 4-ply construction. A perfect tire for classics and restorations. The "Gangster" features state of the art dual rubber compound, blending performance and vintage styling. H-rated for speeds of up to 130 MPH (180 KLM/H)

Front and Rear

97645 510-16 (MT90x16) WW

Avon "Safety Mileage " MK 11 Rear

The MK 11 is a full height and profile tire for all Big Twins with 4 full ply construction for rear fitment. S-rated for speeds up to 113 MPH (180 KLM/H) and features continuous centre rib, flanked with interlocking studs, providing excellent traction, safe handling and a smooth ride. This tire is the perfect complement for the Speedmaster Ribbed front tire.

97615 500 S 16 Rear

97616 400 S 18 Rear

Avon Speedmaster Rib Front

Positive steering and excellent lateral stability make the Speedmaster a good choice for front wheel fitment. The Speedmaster is S-rated for speeds up to 113 mph (180 kph). Continuous, siped and interrupted ribs in "cling tread rubber" tread compounded give the Speedmaster very good braking and handling characteristics, particularly wet. The ideal complement is the SM Mk II rear. Tube-type tire

Tires

VBD-Variable Belt Density

Avon's Venom cruising/high load touring tires feature the patented VBD construction to give you unparalleled mileage, consistent handling, outstanding braking and phenomenal grip. With VDB, the Venom's ultra strong Aramid fiber plies are widely spaced on the shoulders and closely spaced around the centre section, giving the best performance at every lean angle.

Avon Venom

Unique sequential pattern produces an exceptionally quiet ride on Venom bias, bias-belted and radial tires. Cooler running, high mileage tire provides outstanding grip and features a multiarc tread contour for light, neutral turn in and cornering stability. Venom tires feature a sidewall snake head logo.

Spokes

Spoke Sets From Preston Cycle

We are able to offer a full selection of top quality chromed carbon-steel, polished or chromed stainless steel spoke sets. All our spoke sets feature 6/8 guage construction, and our polished stainless steel sets have spokes and nipples made from different types of stainless material to minimize their seizing to each other. We do suggest the use of anti-seize compound on stainless steel spoke sets.

Spoke Buying Guide

We show you the variety of stock and custom rims available from Preston Cycle for custom wheel building. Using our illustrations will help you determine which parts you have and then assist you to the spoke set you need. For example; if you have an aluminum 1978-83 FX model front hub, and you want to lace it with chrome steel spokes to the 21" drop centre rim from an FXWG (OEM 43662-80B or PC# 6277) which is shown in illustration "A", then you would need to use a PC# 925 spoke set. The rim illustration shows the basic rim shape, and the position of the spoke holes in relation to each other.

Diamond and Twirled Spokes

Chrome Diamond PCP	Chrome Twirled PCP	Stainless Twisted PCP	Use
3714	3710	43700	16" DC (F & R) "A" 1936-04
3716	3712	43702	21" DC/steel + alloy FXST, Wide Glide hub "B & E"

Stainless Steel Twisted 16" Steel Spokes

A set of stainless steel spokes for 16" drop center rims. A new style of twist similar to our "Twirled" spokes.
43700 Set of 40 spokes and nipples 1936-04

6/8 Gauge Nipple Set

Sold in packs of 40 to fit our spoke sets.

- 43096** Chrome standard
- 43097** As above stainless
- 43098** Chrome extended
- 43099** As above stainless

Note: When PC spoke kits are laced to 19" OEM #43001-79 rims PCP 43098 extended chrome spoke nipples must be used as the inside diameter of this rim is larger than others.

Spoke Sets

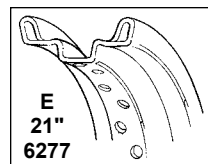

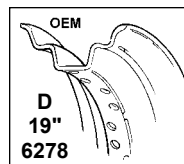

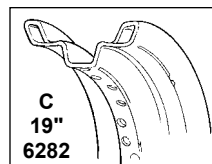

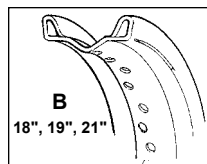

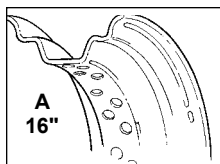

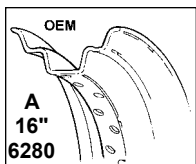

Chrome	Rippled	S.S	Application

19" Wheel Conversion - USA

For customizing flexibility, this kit adapts 19"-21" narrow glide wheels from 1977-02 and spaces it out to fit a 41mm front end. With the custom spacers and the specially designed axle, you can mount any dual disc wheel to any wide glide front end. Kit includes 1" aluminum disc spacers, (as needed), axle, axle spacers and all mounting hardware. Spacers are polished and chrome plated. Axle and steel spacers are cadmium plated.

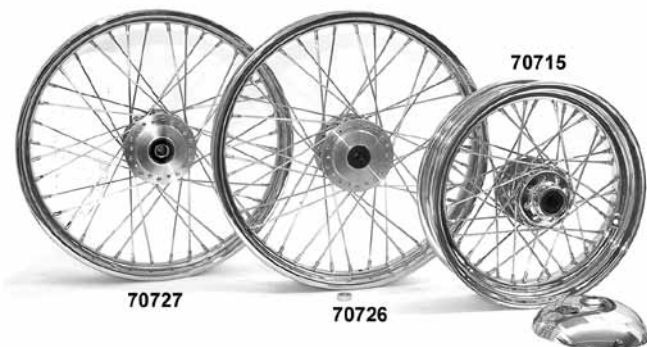

53501	1984-99 FXWG for single disc
43107	Extra spacer for #53501 to use dual rotors
53502	2000-03 FXWG
43119	Extra spacer for #53502

2000-04 Rear Wheel Assemblies

Rear wheels fit FXST, FLST, FXD, FXDWG and XL models. Assemblies feature a chromed alloy hub with sealed bearing and spacer tube installed. Complete wheel is laced and trued with choice of chrome or polished stainless steel spokes and a chrome drop centre rim. Wheel easily installs using existing stock components.

Chrome 80 Spoke Wheel Assemblies for Custom Wide Tire Applications from Paughco

80 Spoke design with 6/8 gauge round or twisted spokes and custom nipples. Chromed steel rims and chrome billet hubs with diamond facets. Each wheel has chrome valve stems and 3/4" or 1" sealed wheel bearings with center spacers. Silicone sealed spoke wells for tubeless tires. Front wheels available in single disc and dual disc. Rear wheels wider than 5.50" have three bearings (two on the drive side for extra support). Wheels require the use of 2000-on brake rotors and pulleys.

Front Wheels

PCP	Size	Disc	Spokes
70600	21"x3.50"	Single	Round
70601	21"x3.50"	Single	Twisted
70602	21"x3.50"	Dual	Round

Narrow Belt Kit

This kit allows the use of a wider tire on 1996-99 FXDWG models. Kit includes belt, pulley, and black lower belt guard. Replaces 40264-00

91805

Wheel Assemblies

With chrome plated billet hub for FXST models. Features chrome plated, billet hub, chrome spokes and chromed steel rim for either tub type or tubeless application. Rear wheels have extension on pulley side to minimize pulley spacers and bearing is moved outboard to prevent bent axles. Front or rear wheels accept 11-1/2" disc rotors. Single flange are for RSD. 1984-99 hub types use Timken bearings. 2000-on hub types use sealed bearings.

Front 21" Wheel with 1984-99 Hub Type

Spacer for BT Belt Drive Models 1980-85

This .200 thick spacer will allow the proper spacing between the rear belt pulley and the wheel. It can also be used to install custom wheels on BT and XL models 1983-85.

11855 40932-81

Wide Tire Kits FLST 2000-02

Kits come with a 150 series Dunlop tire, brake caliper, splash guard, wheel spacer and hardware. Kit includes saddlebag hangers and isolators. Installation should be completed by a qualified shop.

91803 FLST/C/F/S (44490-00)

Hub Caps

Chrome Hubcaps for Softail® and FXWG The perfect accessory for the front wheel of most FXWG & Softail models 1984-99. PC #45013 small hub caps simply press onto the wheel hub.

45013 4-5/8" Diameter hub cap fits FXWG & Softail models 1984-99 (except the Heritage & Fatboy).

Chrome Rear Hubcap for Belt Drive Models

A neat way to decorate the rear pulley area of all Big Twin belt drive models while hiding the stock mounting hardware. The hub cap is held in place between the axle spacer and swin-garm. The PC 4-1/2" hub cap looks great with stock pulleys but better yet when installed with PCP chrome inserts and beltguard.

45015 Fits all BT models with rear belt drive 1980-on.

"Baby Moon" Chrome Rear Hub Cap

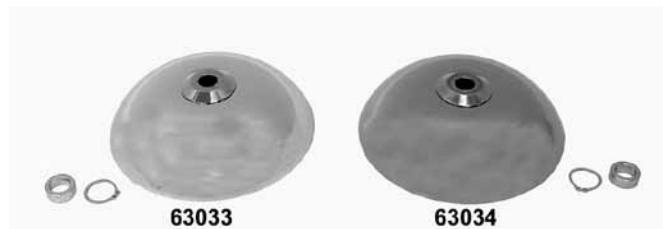

45280 1993-99 (43200-99A)

Custom Wheel Covers

Polished aluminum covers provide a solid wheel look and install easily to any 16" spoke wheel with drop centre rim and disc or drum brake. 4-5/8" centre hole diameter. Not for use with mag wheels or narrow forks.

45935

T/L Chrome Dome Front Hubcap

Chrome plated hubcap fits 21" laced wheels.

PCP Application

63033 2000-on FXDWG, FXSTB, FXSTD and FXSTS models with laced wheels (43287-01)

63034 1997-99 FXSTC and FXDWG models (43163-97)

19" Single Disc Front Wheel Hubcap

Made of chrome-plated steel, this 4-3/4" front wheel hubcap will fit all single disc 19" cast wheels on models with 9-spoke mag wheels from 1984-on. It replaces the standard wheel hub plate and screws, and is held stationary between the front wheel hub's external bearing spacer and the front axle.

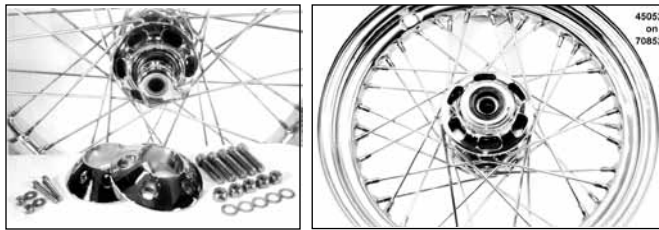

800 44467-88T

Chrome Front Wheel Hub Cap FLST 1997-99

64300 43155-97

Hub Caps

Chrome Die Cast Hubcaps

Allen type, features counter bored holes with socket head screws. Front attaches by 2 screws on FXWG-FXST, rear attaches by 5 pulley allen screws (included). Rear fits cast or solid wheel on 1980-on with belt drive. Slotted front style attaches by 2 set screws for FXST-FXSTS models.

72487 1984-07 Softail

Chrome Axle Nut Caps Set

For both axle nut and axle head where required, set screws and hex key wrench. Each cap has an internal hex to allow more thickness for the set screws thread, to eliminate thread stripping.

Note: These axle caps will not work on late model rear axles with cotter key locking devices.

Front

- 61232** 2007-on FXST (diecast) (not FXCW/C, FXSD or Springer) 2008-* XL, Dyna & Touring (44117-07)
61223 2000-07 FXSTD (44122-03)
44154 2000-07 Touring & 2004-07 Dyna (not 04-05 FXDWG or 07 FXDSE) (43062-04)

Rear

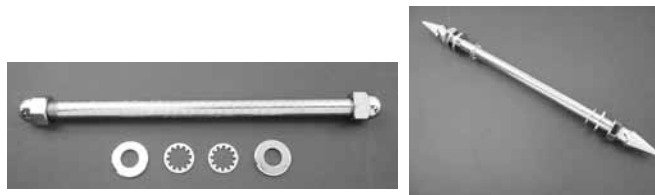

- 44152** 2000-07 FXST (44256-01)
44153 1991-05 FXD (44262-01)

Rear Axle Kit

Includes axle, pyramid adjuster blocks and chrome nuts. Replaces 41552-73 on 1973-84 chain drive FLH-FX.

43355

Chrome Rear Axle for Softails

For 1986-99 models. Include 3/4" x 13 5/8" axle.

43360 Pike style

43361 Acorn style

Chrome Inner Hub Covers

Covers fill area between pulley or rotor mount flange and spoke hole flange on hub for smooth appearance and easy cleaning. Front models fit rotor side, rear kit fits both sides.

PCP	Type	Qty	Application
45494	Front	1	1987-93 FXST
45495	Rear	2	1986-95 FLST-FXST

Axle Hardware

Sportster Rear Axle Adjuster Covers

Chrome plated domed or chopper style pike covers hide the factory hardware and easily install with set screws.

PCP	Years	Type
72446	1993-04	Domed
