Note: If manufacturer has applied any primer finish, (it is meant only for the protection of the tanks during shipment and storage) it is **not recommended as a primer finish** for paint application without proper surface preparation. Where custom paint is to be applied, the tanks must be pressure tested, then sealed with tank prep PC #78001 and Kreem PC #78002 before painting, to help protect the final finish.

IMPORTANT: To eliminate any potential problems with your gas tank we recommend that you pressure test, seal and mount your tank before painting.

Fat Bob Gas Tanks

Fat Bob Gas Tanks for BT 4 Speed to 1984

Available in both 3.5 and 5.0 gallon sizes. For Big Twin 4-speed frame to 1984. Both tanks will accept the Low Rider® and the FL dash. The tanks have pre-1982 cam-lock style gas filler necks. Use late 13/16" external-thread fuel valve.

PCP	OEM	Gal
6265	61218-67A & 61426-67A	3.5
6266	61211-67 & 61228-67A	5.0
23010	Rubber grommets and 2 steel inserts for use in mounting tabs to stop the tanks from vibration. (6 rubbers, 2 spacers).	

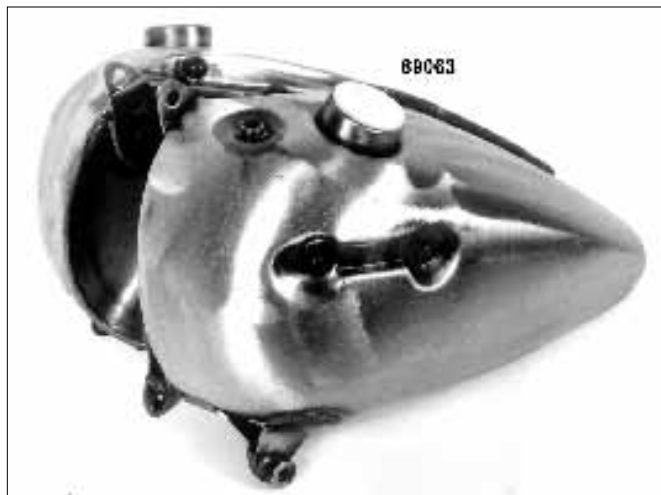

Note: If manufacturer has applied any primer finish, (it is meant only for the protection of the tanks during shipment and storage) it is **not recommended as a primer finish** for paint application without proper surface preparation. Where custom paint is to be applied, the tanks must be pressure tested, then sealed with tank prep PC #78001 and Kreem PC #78002 before painting, to help protect the final finish.

Frame Saver Gas Tank Mount Kit

Kit includes front and rear tank mount to mount Bobbed tanks to custom or original frames. A clamping bracket is included to allow for an easy pre-check of tank placement prior to welding the bracket in place.

27300 1936-84 Style tanks

BT Hand Shift Tanks 1948-65

Tanks have a raw finish, accept Bayonet style gas caps and a shut-off rod seat assembly. Available with or without shift gate holes and lower shift pivot mount. Tanks fit BT 1936-84 frames and include chrome shift lever and chrome 4 speed gate.

PCP	Application
89063	3.5 Gal tanks w. shifter gate mounts
89076	Replica tanks as above
89026	5 Gal tanks with shift gate and chrome lever
89027	5 Gal as above, no lever or shift gate holes
19228	Shut-off rod and seat 1941-49
684	As above, 1950-65
5042	Chrome cap set

Fat Bob Gas Tanks

Fat Bob Gas Tanks (with Emblem mounts)

Fits stock and custom frames FLH, FXE type 1936-84 (but not FXR or FLT models). Use 1957-75 petcocks with nut. Tanks accept stock dash, speedo and 1966-72 emblems. Will also accept 1963-65 emblems.

89007 5 Gal with Bayonet cap

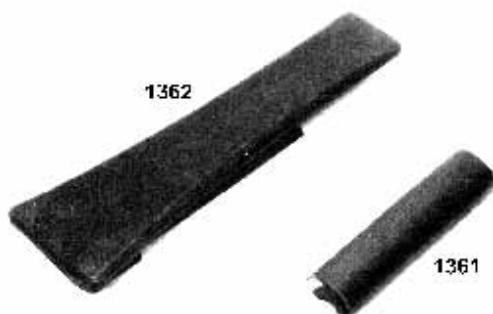

Screw-Top Fat Bob Gas Tanks 1948-84

Gas tanks are available in both 3.5 and 5.0 U.S. gallon capacities. These tanks mount on pre-84 Big Twin 4 speed frames. The tanks use 1975-on 13/16" style gas valves. (**Depending on supplier, tanks may be primed**).

Note: If manufacturer has applied any primer finish, (it is meant only for the protection of the tanks during shipment and storage) it is **not recommended as a primer finish** for paint application without proper surface preparation. Where custom paint is to be applied, the tanks must be pressure tested, then sealed with tank prep PC #78001 and Kreem PC #78002 before painting, to help protect the final finish.

23042	(C) Rubber bumper 1973-84 (pr) (62123-66)

Gas Valve Shut-Off Kit

Chrome plated Fat Bob gas tank shut-off kit. This kit comes complete with all parts necessary to replace the old style gas shut-off valve. Kit contains cover for gas shut-off rod hole, fittings for adapting carb—gas line and fittings. For Harleys 1940-65 with 3.5 and 5 gallon tanks.

1382

4.5 Gallon Quickbob Gas Tanks

4.5 U.S. gallon tanks designed to fit all stock 4-speed Big Twin FL-FX frames from 1972 -84. Use your stock FXE mounting hardware or #3104 and use 1975-on 13/16" external-thread gas taps. They're available with cam-style (pre 1983 gas caps) or screw-top (1983-on gas caps). Raw finish and ready for painting. Not for FXR or FLT.

6477 With cam-style bungs

89006 With screw-top bungs

Note: PCP 6477 requires the use of two vented gas caps although only the right side hole is functional.

Bob Gas Valves

Valves include complete shut off rod and seat assembly for 61" and 74" models with left tank reserve. Includes spring and sealing washers.

PCP	Description
684	Gas valve assembly BT 1950-65
14071	Seals (10 pack) (62085-40)
19245	Rod hardware kit 1941-65
19246	Shut off rod seat 1941-49 (62075-40)
19247	Shut off rod seat 1950-65 (62075-50)

Shut Off Rod Knob Kit 1941-65

Knob and seal cap are cad plated. Kit includes all pieces as shown.

19396

Fat Bob Crossover Gas Line

Crossover gas line to fit the stock 1957-65 Harley Fat Bob gas tanks.

2477 62355-48B

Flush Cap Tanks

89037

Custom Chrome Flush Mount Cap Tanks

These tanks feature locking flush mount gas caps. They are low temperature welded at welding joints. Locking gas caps and 2 keys included.

Big Twins

89037 4 Gal., 1 piece with dash mounts all FXR 1982-94

Sportsters

89042 3.25 Gal. King tank 1982-94

89044 3.2 Gal. Bob tank with dash mounts 1982-94

89045 3.2 Gal. Bob tank no mounts 1982-on

89046 3.2 Gal. without dash, rubber mounted 1957-76

Replacement Parts

16259 Set of keys (pair)

Bobbed Tank Kit FXR

Includes chrome cast dash assembly w. a Bob type 6 post key switch, and a plain dash base. Units include a 2240:1 ratio large speedo.

90061 FXR 1982-84

"Paint Saver" Gas Tank Filler Guards

Paint Savers solve the long time problem of damaged paint during gas fill-ups.

45069 For all 1936-83 bayonet style gas caps

FLT E-Z Bob Tank Kit 1980-on

Kit includes a one piece tank with bung style caps, chrome cast dash, 5 lamp dash base, 6 post bobbed style key switch, 2:1 speedo, front wheel drive cable, and hardware. This kit requires the use of solo seat or FXR style seat for installation. Allows retention of stock gauge housing and FLT key switch, if desired.

89077

Fat Bob Gas Tank for FXR Models 1982-94

Fat Bob look for all FXR's 1982-94 (will not fit Dyna Glide™). At 4 U.S. gallons, the tank has the appearance of split tanks but is really a one-piece welded tank with 1983-on screw-top filler necks, and 1975-on 13/16" external-thread gas tap fitting. Bolts to the stock mounts and accepts FL-style dash assemblies (not Cateye) with correct dash base. All parts pictured included.

6478 Fat Bob gas tank for FXR's

Gas Tank Emblems

These emblems are designed to mount on to stock gas tanks with original mountings on tanks. For the aftermarket "smooth side" tanks, mounting brackets are offered where indicated: (weld-on or adhesive). All emblems and brackets are sold in pairs.

BT 1937-46 (61769-40)

- 29600** Chrome w/red letters and black flashes (61769-40T)
- 4213** Mounting plates (weld on)

Sportster® Tanks

3.2 Gallon XL One Piece Bobs

Tanks fit XL 900 and 1000 models. Bolts to existing holes. Accepts 2 or 3 light dash kits which must be ordered separately. Must use XLS or shorter seat on 1982-on models. Order caps and dash separately.

PCP	Description
89069	1957-78
89070	1979-81
89071	1982-94
27259	Iso mount kit 1982-94

XL 3.2 Gallon Quick Bob Tanks

Feature a smooth top that **does not** accept dash panel or speedo. Includes one piece tank and mounting hardware.

PCP	Description
89003	1957-78 use bung style caps
89068	1979-81 use bung style caps
89004	1982-94 use 83-on screw style caps

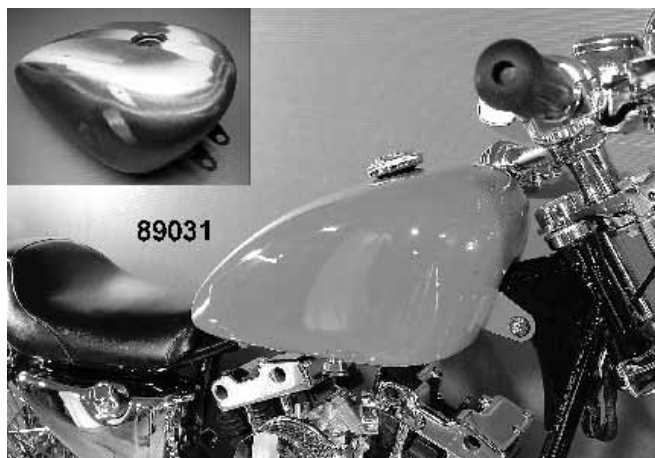

XL Bobbed Gas Tank Kits (Solid Mounted)

Kit includes all parts necessary for a solid mount version. The #89015 includes tank, chrome dash, motor and coil mount. The #89016 includes tank, chrome dash and coil relocation bracket. The dash panel accepts FL speedometer but does not accept the stock FL key switch, (plain dash only). Order speedo separately. All kits can be used with a solo seat (or custom seat with a shorter nose like the XLS type). Dash does not accept a speedo with a built in tach.

89016	1979-81
89017	1982-94

Note: The zinc-chrome primer is for the protection of the tanks during shipment and not recommended as a base coat for paint application. As with any fuel tank, particularly one where custom paint is to be applied, the tanks must be pressure tested, and temporarily mounted to frame to check clearances, then sealed with tank prep (PCP #78002) before painting.

3.2 Gallon XL King Tank

Classic shaped custom tank design features rolled under bottom edge that provides a flowing line to the look of your bike. Tanks are replicas of the 1996-on OEM style tank.

89031	1982-94
-------	---------

Sportster® Tanks

“Standard” Gas Tank for Sportster

OEM-styled Sportster High-Tunnel Tank features stock mounts. 2.4 U.S. gal. capacity. Uses 1975-up style gas tap.

PCP	Fits
6032	1958-78, use #2474 gas cap (61044-75)
6033	1979-81, use #2474 gas cap (61097-79)
6034	1982-92, uses late type screw in cap (61023-83)

“King” Gas Tanks for Sportster

King tanks are made 2" wider than stock, to give you that needed extra mileage. 3.1 U.S. gal. capacity.(stock 2.2 U.S.)

PCP	Fits
6271	1958-78 use Pre 75 tap #937 & cam lock cap #2474
6272	1979-81 use 1975-* tap #938 & gas cap #2474
6273	1982-92 use 1975-* tap #938 & screw cap #3085 (1982-on tanks are fitted with correct internal venting system)

Paughco Porkster Tank for Sportster Models

This 4.2 U.S. gallon axed style large tank bolts on to Sportster models 1957-on. Dual tank left cap is non-functional. Use #932 vented gas cap and stock gas taps. Raw finish

Single Cap	Dual Cap	Fits
89010	89009	1952-78 right side tap
89011	89013	1979-81 right side tap
89012	89014	1982-94 right side tap

Fat Bob Tank With Dash Kit

Kits fit Sportster models and feature rubber mounted one piece tank with 3 Light dash kit consisting of: mount plate, 2:1 ratio Bob speedo, 42" cable for front wheel drive, and late Bob key switch. Kit also includes chrome caps and all hardware necessary for installation.

PCP	Description
89021	3.2 Gallon XL 1952-78
89022	3.2 Gallon XL 1979-81
89023	3.2 Gallon XL 1982-94

875	1/4-5/16" chrome (6 pack)
868	5/16"-3/8" chrome (6 pack)

Air Filters

Kreem® Gas Tank Prep Kit and Gas Tank Liner

A two-stage kit that prepares a gas tank for sealing. Tank Prep A is a concentrated cleaner, Prep B a final rinse and conditioner. The Kit removes loose rust and dirt inside the tank while at the same time conditioning the inside of the tank leave in. The kit includes 1 pint of Prep A and 1/2 pint of Prep B. The tank liner produces a "tank within a tank". The liquid quickly cures to a tough, elastomer compound that seals and protects any tank, while preventing rust and leaks. It resists alcohol and gas and withstands most octane boosters. Tanks require one pint of Kreem® per three gallons of tank capacity.

78001 Kreem® gas tank prep kit (2 bottles as pictured)

78002 Kreem® gas tank liner

78003 Kit of 3 bottles (1 each of cleaner, conditioner and sealer)

Reusable Paper Air Filters

These washable paper air filters have the original shape and styling to ensure a proper fit.

PCP	Style	Application
77776	(B)	Round S&S type
77777	(F)	Tapered Velo type
77778	(G)	Sifton air power

Kreem Tank Degreaser

Perfect for use on new aftermarket tanks. This safe, biodegradable degreaser quickly removes protective oily coating from inside new tanks. Used prior to the Kreem Prep kit this material ensures a clean, oil free surface. It can also be used as a general purpose cleaner/degreaser.

78004 1 pint bottle (each)

Kreem Tank Mask

This water based liquid mask is easily applied to painted tanks and other painted surfaces. It dries to a non tacky film that resists Kreem fuel tank liner and prep B materials. For use on tanks with expensive outsides that need Kreem liner on the inside. Just paint it on, let it dry, prep and coat the inside, then peel or wash the Kreem tank mask away using warm soapy water.

S&S New Generation Air Filter Element

The new S&S Super E & G filter elements are made with the same filtering material used in many stock cars and drag racers. The new filtering media removes more airborne particles while allowing better air flow. The new filter media is also more durable and lasts longer because it can trap nearly twice as much dirt before becoming clogged. As an added bonus this material can be washed and reused several times before it needs to be replaced.

170054

Late Style Gas Petcock

Has Reserve and Screen. Fits FLH, FX 1975-92 and Sportster 1976-92.

938 Straight outlet (62168-81)

S&S Super E & G Velocity Stack Kit

Kit includes stack, bracket, and enricher knob.
170485

S&S Super E

Features:

- Like earlier vintage **Supers** the **Super E** are butterfly type carbs with fully adjustable idle mixture screws and changeable mid range and high speed jets. The idle mixture screw, in particular, has been repositioned and angled for greater accessibility and adjusting ease. Even with five gallon gas tanks *adjustments are not a problem.*

Applications

- The **S&S Super E** has a 1-7/8" throat and is recommended for use on any displacement H-D Big Twin or Sportster engine with any degree of performance modifications. This includes stock and performance engines.

Kit Contents:

- Each carb kit includes a S&S **Super E** gas carburetor, an S&S teardrop air cleaner assembly, manifold, mounting hardware, fuel line and clamps, an extra intermediate jet and two main jets, and installation & jetting instructions.

Not Suitable for Cruise Control

Note: Installation of a **Super E** or **G** on a chassis not equipped with a two cable pull open-pull closed throttle assembly is not recommended as this presents a safety hazard. S&S suggests that one of our two cable throttle assemblies be used on 1981 and earlier chassis or any application where no two cable throttle exists.
1981-89 dual cables will work. (Not CV cables)

S&S Super E Complete Carburetor Kit Selection Chart
(For stock length cylinders)

Application	Year	Super E Carb Kit Standard
Big Twin	1955-65*	110401
	1966-78	110402
	1979-84	110411
Sportster	1957-78**	110404
	1979-85	110406
S&S Super E and G Carburetor Only		
	Super E	110420
	Super G	110421

* Outside oil lines that feed heads on Knuckles and 1963-65 Pans must be refabricated or use a 1" spacer block for additional clearance

** Does not fit engines equipped with a verticle magneto

Note: 1979-80 engines may be equipped with either o-ring or band style heads. Check before ordering.

OEM stock CV carb being replaced with an "E" or "G" will require use of the push-pull cable set-up, as stock on 1981-89.

Order kits or cables separately.

S&S Air Cleaner Mounting Screws

Chrome, buttonhead, countersunk allen screws. 3 Pack.

9980

S & S Aircleaner Cover

Screws, chrome plated.

Float Bowl Screws for Keihin Carburetors

If you change Keihin jets, this kit should be bolted on. Includes an allen wrench, and has a flat black finish. Fits all Keihin.

4747 Socket screw set 1976-89 (not CV carbs)

High-Flow Accelerator Pump Kit for Keihin Carburetors (not for CV) 1980-88

This kit improves the performance of stock Keihin carbs. Fits 1980-88 Big Twin and 1980-87 Sportster® models. Bolt on extra power by simply removing the float bowl, drilling one small hole in it, and installing this high performance accelerator pump body. Low and mid-range throttle response are noticeably increased. Matte finish.

269050 Accelerator pump kit

Adjustable Main Jet for Keihin Carb

Eliminates the chore of "hit and miss" multiple jet changes when changing pipes or air cleaners on all Keihin equipped Harley-Davidson models 1976-on. Full adjustability allows precise tuning for maximum performance with every combination of engine, pipes and air cleaner. This kit frees you from the limitation of the few fixed jet sizes available and the labor of drilling jets. Use new gaskets and seals when installing, supplied in our rebuild kit. Our installation tool correctly marks the float bowl for proper fit.

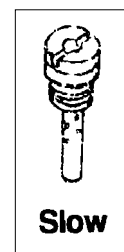

3820 Complete kit (shown)

48008	(A) Black plastic knob FX, XL 1967-70 (29214-67A)

Turbulator

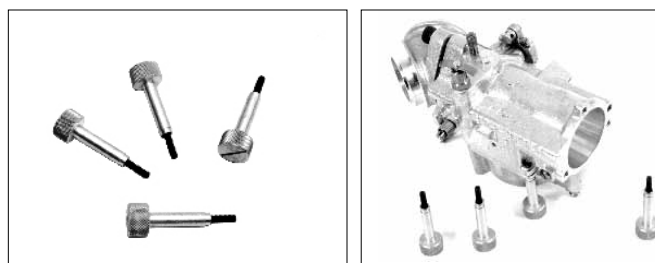

The turbulator turns the intake manifold into a violent mixing chamber. The heavier fuel particles are directed away from the sides of the manifold and back into the centre of the air flow. The fixed valve then tumbles the mixture resulting in higher horsepower.

PCP	Description
41000	38mm 2 bolt fits Keihin and Bendix
41004	40mm 2 bolt S&S Super B and E, and flat slide Mikuni
41009	CV all Keihin

Air Cleaner Screws

PCP	Size	Style
4736	1/4 x 20	S&S (3pk)
5207	5/16 x 24	Early stock (33822-36) (3pk)
1733	5/16 x 24	Acorn, oval 57-77 (pr)

Quick Change Float Bowl Screws

For S&S Super B & D models to facilitate jet changes by easy bowl removal. Includes 4 knurled screws with large slots in satin finish.

41001	Set of four
-------	-------------

Cable Blocks

Used to attach inner cable to carburetor. Complete with screw and cotter key. Replaces OEM 27450-36, 27719-67 and 27716-67.

1503	Each
------	------

Manifolds & Adaptors

Manifold Repair Rings

Adapter rings for repairing the lips on the head and intake manifold. They may also be used in customizing, to adapt early-type manifolds to late-type heads and vice-versa. The stroker rings can turn a stock manifold into a stroker manifold for .200" taller cylinders or stroker plates. Adapter and stroker rings are available in pairs.

3273 Adaptor rings
3280 Stroker rings

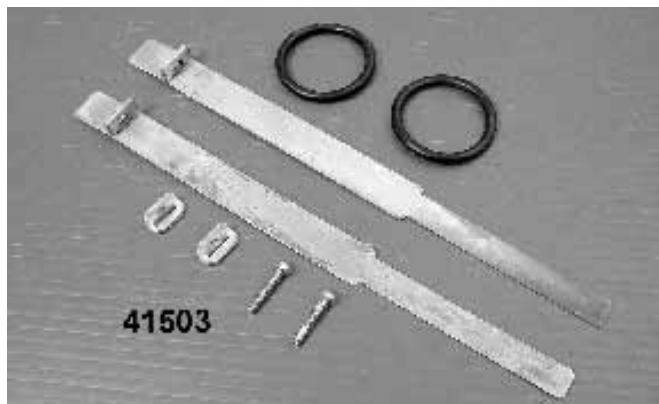

Rubber Flange Adapters (not for HS40's)

1968 36-38mm
1969 40-44mm

Carb Manifold Adaptors

Fit with our #1303 Manifolds.

2090 36mm to 38mm stepped manifold adaptor
2091 40-44mm straight through manifold adaptor

Bendix, Tillotson & Keihin Manifold

690 Fits HD Panhead 1955-65. For mounting Bendix, Keihin & Tillotson Carbs.

Lectron & Mikuni Manifold for Panheads 1303

CV Carb Adapter

Adapts the HSR-42 Mikuni or CV carb to a 2-bolt manifold.

41007 2 Bolt early style

Manifold Spacer

Fits 1971 to present. Includes 2 gaskets.

2471 Manifold spacer 3/8" (29250-78)

Intake Clamps

Intake Manifold O-Rings & Seals

PCP	Description
14541	1955-77 O-Ring (27060-5) (10 pk)
14034	L1978-84 Flat seal (27062-78) (10 pk)
14400	1978-84 Red, silicone (27062-78) (10 pk)

Aircraft quality Intake Clamps

Stainless steel intake manifold clamp set for all 1955-84 Twins. Intake Clamp is designed to tighten a full 360° because of the shoe we have added under the T-bolt. We feel these are the best clamps available today. Sold as a set with O-rings or seals.

PCP	Years	Description
41502	1955-77	O-ring floating clamps (pair)
3474	1978-84	Flat seal bridge clamps (pair)
14541	1955-77	O-rings, (27060-55) (10 pack)
14034	1978-84	Flat seals, (27062-78) (10 pack)

Stock Type Intake Manifold Clamp Set

Late type intake manifold clamps. Supplied with seals. Used on all 1978-83 Twins. Replaces OEM 27063-80.

3475 Stock intake clamps

Intake Manifold Seals

Used on all Shovelhead intake manifolds (1978-84 & XL intake manifolds late 1978-85)

14034 27062-78 (10 pack)

Stainless Steel Aircraft-Style Intake Clamps

These intake clamps have been improved by reducing the T-bolt diameter in size and bending it to conform to the contour of the clamp. This makes the clamp easier to install. Pairs.

634	Sportsters and Shovelheads to 1978 (27063-57)
3201	Sportster and Shovelheads 1978-85 (27066-85T)

Chrome Intake Clamp Sets

Includes O-rings or seals for proper year.

Air Cleaners

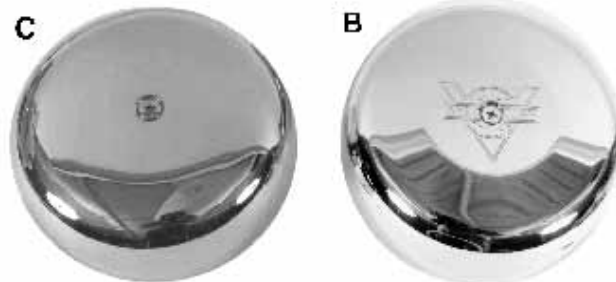

Custom Air Cleaners (Not For CV Carbs)

Air cleaner includes filter

PCP Fits

- 827** Bendix-Keihin w/chrome mesh (29002-85T)
1216 Bendix-Keihin (3" thick x 7" L)

7" Nostalgic Style Air Cleaner

Air cleaner with centre screw available with cover to fit Bendix, Tillotson, Keihin and CV carbs. Includes breather tube, backing plate and element. Approximately 3" thick.

PCP Description

- 45337** (B) Bendix-Keihin 3-bolt with V logo
45338 (C) Bendix-Keihin 3-bolt, smooth
45343 (C) Smooth air cleaner cover only
45344 (B) V-Logo air cleaner cover only
6670 Foam element Super B/D

Original Style Chrome Oval Air Cleaner

Complete assembly includes element, cover, screws and backing plate. Fits 1967-on Bendix and Keihin carbs only.

PCP Description

- 45313** Complete Bendix assembly
45339 Complete Keihin assembly
6661 Uni-filter element (29036-72)
45314 Cover only (29084-73)
45319 Bendix backing plate only (29020-66)
45366 Keihin backing plate only
72324 Chrome cover philipps screws (2 pack)
72323 Backing plate mounting screw kit BT 1966-77

Chrome Air Cleaner Brackets

Fits 883-1100-1200 XL models from 1985-87. Mount holes are 5" c/c.
27023

Note: These support brackets will not work with #45336 series round air cleaners or #6591 air cleaners

V-Charger Chrome Air Cleaner

Chrome cleaner features air scoop with built-in chrome screen and filter. Kits include brackets and/or breather kits as required.

PCP Application

- 59041** Keihin-Bendix 1966-84 BT Shovel

Air Cleaners & Breathers

"Live To Ride" Air Cleaner Assembly

This high-quality air cleaner assembly features a chrome plated die-cast aluminum cover and a built-in venturi which delivers improved performance. Includes the backing plate, screws and a foam filter element.

- 6594** Fits S&S carbs (not "E's") as well as Tillotson, Bendix (Zenith) and Keihin (29204-87T)
- 45239** As above with gold overlay
- 6670** UniFilter foam air filter element Super B/D
- 77710** ACCEL foam element

Crankcase Breather Assembly

Mount your breather in plain view instead of hiding it behind your engine or transmission case. Comes complete with a one-piece filter molded to a lightweight chrome end cap, a chrome zinc die-cast mounting base with 5/16" inlet and a hose clamp. The hose clamp holds the filter to the base when the vent hose is installed.

- 77101** Complete assembly
- 4634** BT 1975-on replacement filter ONLY (no chrome) 2" diameter x 1/2" height

Eagle Spirit Collection

Heavy die-cast chrome plated pieces, emblazoned with heavy design. Air cleaners are die casted with 3 bolt mounting and venturi style backing plates for Keihin and Bendix use. Points cover fits 1970-up FX-FL models with horizontal screws.

- 6590** New Era air cleaner (not CV carbs)
- 6591** Centre screw cleaner (not CV carbs)
- 45112** Points cover (32588-70A)
- 6592** Derby cover, 3 bolt (25391-84T)

The Airmaster

Easily installed in any stock or aftermarket three bolt mounted air cleaner. The polished Airmaster increases air flow by nearly 6% or 10 more cubic feet per minute. Complete with gasket and allen screws.

1924

Flame Tear Drop Air Cleaner

Comes complete with chrome cover, foam element and backing plate. Brackets sold separately. .

- 45190** Bendix-Keihin

Chrome Retro Bird Air Cleaner Cover

19666

Air Cleaners

Tear Drop Air Cleaner Assembly

Tear drop style die cast air cleaner assembly. Fits all the bolt Carbs, Bendix Keihin, Tillotson, & S&S units (not E or G).

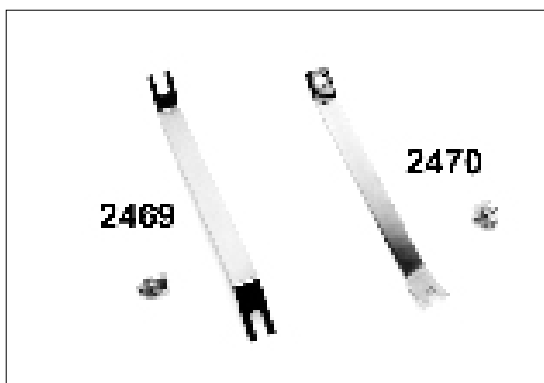

1229 Air cleaner cpt. (29205-87T)

S&S Air Cleaner Cover

Screws, chrome plated.

4736 Set of 3

Air Cleaner Brace

Chrome support brace for all BT and XL with the stock Bendix or Keihin carburetor. This support bracket will greatly help eliminate vibration and manifold leaks when using custom air cleaners.

3659	1976-80 Stock (56313-76)
5705	1981-85 Stock throttle
5715	As above +8"
5704	Stock idle

Heat Shrink Tubing for Braided Cables

Use clear heat shrink tubing on all braided stainless steel cables to prevent scratching of chromed or painted surfaces. Kit contains 4-16" long heat shrink tubes to cover 2 throttle cables, 1 clutch and 1 speedo cable.

PCP	Application
28713	Cable sleeve kit
28714	3/8" x 10' roll
28715	1/2" x 10' roll
28716	3/4" x 10' roll

Barnett Cables

Barnett's smooth working, long lasting cables are virtually indestructible and are made from the finest components available. Casings are constructed from hard drawn spring wire and all fittings, ferrules and adjusters are machined in house from brass, aluminum and stainless steel to stringent specifications. All Barnett throttle cables are made with black PVC coated stock diameter nylon lined casings with 3/64" extra (7x7 strand) inner cable for extra long life. All cable fittings and elbows have a bright nickel finish. **All stainless cables have an anti-abrasive clear coat to protect paint and polished metal.**
