Attention!!

These fork tubes have been manufactured and tested for exact fit and application per model. It can be difficult to identify the front end assemblies because they may not always be the original equipment. Before installing, compare old and new tubes. Be sure the stock top plugs fit into the new fork tubes. To avoid scratching the chrome, we suggest that the tubes be lightly rubbed with oil before installing into fork legs. Be absolutely sure you have the right tubes before you install them.

No fork tubes can be accepted for return that are scratched or damaged due to improper installation or handling.

Fork Springs

Fork Tube Spring Sets

Exact replacement for the OEM's. Made from high tensile strength wire for long service life. All fork springs sold in pairs. For more complete fork spring applications, check your factory parts book. Measurements provided are free length.

Lowboy Fork Lowering Kits

Kits have progressively wound springs that resist bottoming out. Installation requires minor disassembly to lower the front forks 1 1/4" or 2" depending on the spacer used. Each kit includes springs, spacers and hardware. Stock ground clearance is maintained with forks fully compressed. May be converted back to stock by reinstalling the OEM springs.

PCP	Application
82124	(41mm) FXST 1984-on, FXWG 1980-89

51870

Handlebars

1" Drag Bar

The perfect handlebar to be used with today's "Digger Style," "Low Rider Type," "Cafe," or "Road Racer" motorcycle. Sweep back angled styling, good heavy quality tubing and a bright show chrome finish make these bars extremely popular. Bars are available in 1" diameter with choice 15° or 30° bends.

6469 15°

51908 30°

6330 15° w/Indents 1982-on (28" wide)

51909 30° w/Indents 1982-on

Stock FXWG Pullbacks

Replaces OEM 55950-80. Good looking and comfortable, these regular pullback style handlebars feature smooth flowing bends, heavy wall steel tubing, and an outstanding chrome finish, a medium rise height, a good wide handle spread, and narrow mounting width, make these pullbacks one of the most popular handlebars of all time.

6335 FXWG Pullback

Low Ride Style Drag Bars

These bars offer the comfort of a regular pullback bar but still retain the drag bar look. Measures 8" across riser mount, 7-1/2" grip area and 31-3/4" across.

6105 2-1/2" rise

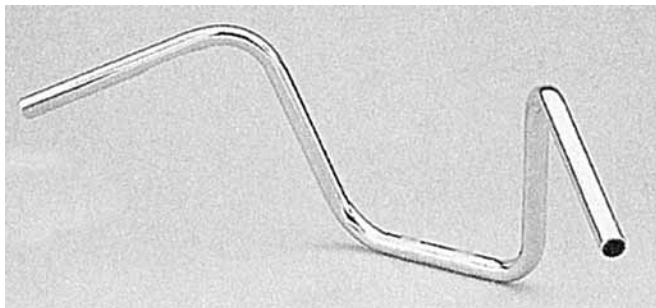

51872 2" rise bar with indent 1982-on

Chrome 'Hidden Wire' Handlebars for Heritage

These handlebars have the wiring harness clip holes already in them. The bends are designed like those found on early dressers and are specially designed to fit Heritage Softail® models 1986-on. These 1" bars will also fit all models from 1982-on with handlebar controls that require the wiring dimple. They measure 33-1/2" wide with a 12-1/2" centre width, a 6" rise and a 9" pullback.

51701

Mini Ape Hangar Handlebars

Deep, diamond knurls on 3 1/2" centres helps to prevent slippage or twisting common with high rise bars and two piece risers. 33 1/2" wide, 9" high

51704

Wide Drag Bar

Bars feature knurls at riser area and are available with or without indents.
